Comments Regarding Pricing Strategy		
<p>Many homes in the neighborhood are similar and have an average DOM of 180 days or less. There is approximately as many current listings on the market as homes which have sold in the past 6 months. The subject was strategically priced mid-market because all homes were from the same/similar subdivisions, and were of similar GLA, age, style, and lot utility. No extraordinary characteristics were noted to price low or high.</p>
