Comments Regarding Pricing Strategy		
Subject's sold lists is a quick sale. Its asking price doesn't necessarily represent the normal market value. Potential buyers are first-time buyers. There's a shortage of comparables with similar living space within immediate area so expansion of search distance, age, GLA and/or lot size is necessary. Since subject requires no repair, listing it as-is will save the pre-marketing time and limit total amount of capital invested.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
