<p>The subject market has increased by 8% in 6 months per Clear Capital Analytics. This is a pop up in pricing due to low supply. The market is stable with stable rates. This increase is due to low supply at this time. Due to low supply, age, GLA location, condition and close date have expanded to find additional comps due to low supply. The best comps found were used. Sale 1 and 3 and listing 1 are the best comps due to them being the most similar GLA.</p>
