Comments Regarding Pricing S	Comments Regarding Pricing Strategy				

Most weight given to sold comp 3 because it is most similar to the subject in sqft, location and age. Homes priced in line with the projected market price of the subject are selling in a shorter than normal market time. The current marketing strategy for the subject property is based on an increasing market with homes and land in the subjects area increasing in the last 6 months. The inventory of the homes in the area is at a 3 months supply. The comps that are being used are the best available for determining value.
