<b>Comments Regarding Pricing Strategy</b>		
<p>I went back 12 months; out in distance 1 mile I was unable to find any comps which fit the subject's requirements. The ones used are the best possible currently available comps within 2 mile and the adjustments are sufficient for this area to account for the differences in the subject and comps. Limited comparables in the subject area make it necessary to use comparables with variance in sub style, 15% gla, bed/bath count, basement type and 30% lot size. It was necessary to use a comparable listing with a superior in condition due to limited market activity in the subject's area. Due to limited comps in the area, it was necessary to use comparable with sold price greater than list price. The subject is located within a reasonable proximity to park, worship place, school, commercial amenities and highway. This however, will have no impact on value. In delivering final valuation, most weight has been placed on CS2 and LC3, as they are most similar to subject condition. Subject's details taken from tax record.</p>
