Comments Regarding Pricing Strategy		
<p>This is an opinion of value and was prepared by a licensed Real Estate Agent. It is not an Appraisal. This opinion cannot be used for the purpose of obtaining financing. Notwithstanding any preprinted language to the contrary, this is not an Appraisal of the market value of the property. If an Appraisal is desired, the services of a licensed or certified Appraiser must be obtained. This opinion may not be used by any party as the primary basis to determine the value of a parcel of or interest in real property for a mortgage loan origination, including first and second mortgages, refinances, or equity lines of credit. Priced according to condition and current market activity. Some comps varied in location, condition, lot size and GLA from the subject property due to a lack of similar comps in subject's area. Some distance and time guidelines may have been exceeded. Comps used were best available at the time of report. Comps were adjusted to come to a final value. In delivering final valuation, most weight has been placed on CS3 and LC1 as they are most similar to subject condition and overall structure. Market values remained stable during last 12 months within subject's market area.</p>		

Clear Capital Quality Assurance Comments Addendum
