Comments Regarding Pricing Strategy		
Local agents typically price properties low to encourage multiple offers. Final value represents a value with normal marketing times and based on the most similar and proximate comps in this report. The fema disaster of 3/22/20 pandemic and the 8/22/20 wild fire have had no effect on value of subject or the area. Subject property is located in a sellers market driven by competing updated properties with very few REO's. Seller concessions are infrequent in the current market. Pest report added.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect
