Comments Regarding Pricing Strategy		
<p>The housing shortage has now reached about 5 years. Especially when trying to find active/pending sales. With that being said, I sometimes have to expand search area and subject criteria to find enough comps for order. Some homes stay on the market longer, especially in smaller communities. Interest rates remain low. When dealing with large square footage homes such as subject, it is sometimes hard to find comps. It is harder for some potential buyers to qualify for loan. Our economy getting stronger, now that Covid-19 is better controlled, with most people being vaccinated. Employment going done here in Stanislaus County. New homes are starting to be built in some areas of Stanislaus County. With shortage of comps and homes priced right, they sale fairly quickly and a lot of times above asking price. Anything in this market sales quickly. Prices continue to increase in most area. All sold comps are considered in determining a suggested market value. Leaning toward sold comp #1 based on exterior view during drive by inspection.</p>
