The "as-is" value conclusion for the subject is \$235,000. This is supported by three sales comps and three listing comps. All the comps were adjusted for any differences they had with the subject. All three of the sales comps were taken from the subject's neighborhood of Williamschase. Due to the lack of listings in the neighborhood, only one of the listing comps could be taken from the subject's neighborhood. The other two listing comps had to be taken from adjacent neighborhoods.
