Comments Regarding Pricing Strategy		
<p>Due to limited comps in the area, all comps were used despite not bracketing the bathroom count as they are still considered to be reliable comparables. The exterior inspection revealed that the subject has been adequately maintained and considered to be on good marketable condition. I have searched a distance up to 1 mile, GLA +/-20%, year built +/- 20 and up to 6 months back. To get enough comparables, it was necessary to exceed bed/bath count ,and lot size. In delivering the final valuation, the most weight has been placed on CS2 and LC3 as they are most similar to the subject condition and overall structure.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
