<b>Comments Regarding Pricing Strategy</b>		
<p>I have searched within 6 months, +/-20% GLA, +/-10 years age, and proximity up to 0.25 miles guidelines. There are limited comparables available. So I have exceeded sold date, bed bath count, year built, and proximity up to 1 mile. Even after, Proximity parameters were exceeded and the search was extended up to 2.54 miles as there were limited comparables within 1 mile. Due to limited comparables available in the subject neighborhood, it was necessary to use comparables with variance in style and year built. Due to limited comps in the area, active and sold comps were used despite not bracketing the GLA as they are still considered to be reliable comparables. In delivering the final valuation, most weight has been placed on CS2 and LC2, as they are the most similar to subject condition and overall structure. The subject attributes are taken from the Tax record.No clear subject pictures available since the subject is behind lot of bushes.</p>
