Comments Regarding Pricing S	Strategy			

Subject property should be priced near mid high range of competing listings due to short market supply and low days on market time. It is most like Sale #2 which sold for adjusted sales price of \$421,200. Subject property would be expected to sell near high range of adjusted recently closed sales with 90 days on market. This property sold for \$386,500 with 6 days on market and appears to have been priced for very quick sale.
