<b>Comments Regarding Pricing Strategy</b>		
The subject's value is based on the closed sales in the area. The active listings have been considered in the value of the property, but the closed sales hold the most weight. Due to lack of similar comps it was necessary to exceed GLA guidelines, look for comps over 5 age difference, used comps having lot size more than 20% and exceed bed/bath count. All comps are considered to be reliable.		

### Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The current report is showing a large variance in as-is conclusions with the most current duplicate completed. The large variance appears due to renovations that occurred after the prior report was completed in September. The current report has included the most current and most proximate data available to support the price conclusion. The broker's comps are appropriate for the subject's attributes, surrounding amenities and market conditions. Thus, the price conclusion appears to be adequately supported.
