<b>Comments Regarding Pricing Strategy</b>		
<p>Subject is unique in bath and age to its neighborhood. In order to get comparables I was forced to use comparable which is sold beyond six months. To find similar criteria comparables, it was necessary to exceed condition, upto 30% GLA, age, bed/bath count, basement and lot size. In order to use atleast one similar bed active comparable, a search for comps was broadened to include a wider price range and exceeded age over 10 years. Subject is located near educational institutions, worship place, freeway, park and commercial buildings. Due to limited comparable from same location, it was necessary to use comparables from across the freeway. However, this won't affect the market value. In delivering final valuation, most weight has been placed on CS2 and LC1, as they are most similar to subject condition and overall structure. Subject attributes are from Tax record.</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The price is based on the subject being in average condition. Comps are similar in characteristics, located within 0.83 miles and the sold comps closed within the last 9 months. The market is reported as being stable in the last 6 months. The price conclusion is deemed supported.
