| Comments Regarding Pricing Strategy | | |
| <p>It remains unclear what impact that the COVID-19 pandemic will have on market values moving forward. In recent months values had been steadily increasing. This was due to limited availability, an increase in buyer demands, an influx of out of state buyers and a decline in both the amount and influence of bank owned and short sale inventories. The Boise, Idaho market area is one of the fastest growing in the entire Nation and at present time there is only 10 days worth of inventory at current market paces.</p> | | |
