Comments Regarding Pricing Strategy

Subject property should be priced near mid range of competing listings due to oversupply of competing properties in Desert Hills but low days on market time and high demand for pool properties in this area. It would be expected to sell near mid high range of adjusted recently closed competing sales with 90 days on market. This property is most like Sale #2 which sold for adjusted sales price of \$345,000. It was under contract in 12 days on market. Subject property would be expected to sell slightly above this price point with 90 days on market. This property sold for \$265,000 as non MLS transaction 10/25/2021 and appears to have sold significantly below fair market value.
