| Comments Regarding Pricing Strategy | | |
| <p>most weight given to the closed sales considering the shortage of available comps for sale in the area Searched +-20% in size, 1 mile radius, and 12 months in time ... Used the best available comps and bracketed as many parameters as possible but not able to bracket all and especially not all at the same time ... home appears to be lived in and maintained and all equipment appear to be in working order as intended and no need for repairs noted ... home is located in a single family neighborhood close to shopping, entertainment and multiple freeways ... The comps used are the best possible currently available comps within 1 miles and the adjustments are sufficient for this area to account for the differences in the subject and comparables. The variances could not be avoided and the comps were chosen for their similarities to the subject. ... shortage of available homes for sale is causing homes to have multiple offers and to sell faster ...</p> | | |
