Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported. The current valuation is coming in higher in value than an Appraisal completed in January 2022. The reason for the value increase, is an increase in the market. The price per square foot in the area has increased 21% to 26% in the past 6-12 months.
