DESCRIPTION OF COMPARABLE SEARCH CRITERIA

SEARCH PARAMETERS: For our analysis, we have used the following search parameters: Source is CRMLS; Property Type is 'Residential'; Standard Status is one of 'Active', 'Act Under Contract', 'Pending'; Standard Status is 'Closed'; Contract Status Change Date is 11/09/2021 to 11/09/2020; Property Sub Type is 'Single Family Residence'; Zip Code is '92557'; City is 'Moreno Valley'; Living Area is 1900 to 2700; Year Built is 1966 to 2006.

EXPLANATION OF ADJUSTMENTS

ADJUSTMENTS: We have inspected the interior of all comps by MLS photos or Realtor comments for the basis of our market grid adjustments. We have made the following adjustments based on a separate paired analysis and our experience in the local market: We have used the factors of \$2 for lot size difference of 1,000 sq ft or more, \$55 for GLA difference, \$10,000 for bath count, \$10,000 for garage count, \$10,000 for solar electric system. These adjustments reflect a normal market reaction for these amenities. We have made a separate paired analysis for any actual location adjustments shown on this report from our experience in this market area. The comps selected are the best to reflect a value range for this subject from our data search with comps shown being the most similar to our subject for our value conclusion. Our estimated value is reasonable and supported by the comps shown on this report.

The scope of this appraisal report does not include the measurement of any effect of these events on the real estate market or on the value of the subject property. Therefore, the value opinion and other conclusions expressed in this report are subject to the extraordinary assumption that these events have had no effect on the marketability or the market value of the subject property. The client and intended users of this appraisal are cautioned that if this extraordinary assumption is incorrect, the value opinion and other conclusions expressed in this report could be significantly different.

DEFINITION OF MARKET VALUE

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised, and acting in what they consider their own best interest;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.
