Comments Regarding Pricing Strategy		
<p>The subject is a SFR 1 Story, containing 1276sqft, 3bed/2bath, which was built in 2018 and is located near worship, retail stores, school, park and highway and will not affect the subject. It was necessary to use a comparable listing with superior in condition due to limited market activity in the subject's area. It was necessary to exceed the threshold for age variance of 5 years in an effort to use the best available comparable from within the subject's market area. It was necessary to exceed the lot size variance guideline of 25% in an effort to use the best available comparable from within the subject's market area. Due to lack of comparable in the subject's same side it was necessary to exceed major boundaries such as major roads, highways, freeways, etc and will not affect the market value. In delivering final valuation, most weight has been placed on CS2 and CL3 as they are most similar to subject condition and overall structure.</p>
