Comments Regarding Pricing Strategy		
<p>Search was expanded to include the most proximate similar aged tracts in order to find best comps for subject & to try & bracket subject features. Every effort made to find/use comps with as close proximity as possible. In this case search had to be expanded up to 1 mile to find comps. There is only 1 usable comp from same tract, CS1 which has different 2 story style & is over 90 days old but adjustment made for value gain.</p>
