Comments Regarding Pricing Strategy		
<p>I went back 3 months, out in distance .25 miles, and was unable to find 3 sold comps that fit the correct requirements. I had to go out in distance 1 mile and found 3 sold comps of which I could use. I went out in distance 1 mile and found 3 active comps of which I could only use due to low or zero inventory factors. The comps used are the best possible currently available comps within 1 mile and the adjustments are sufficient for this area to account for the differences in the subject and comparables. Most sellers are receiving multiple initial offers over asking price due to low or zero inventory. There are more buyers than listings. The market isn't driven by REOs.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
