<b>Comments Regarding Pricing Strategy</b>		
<p>Price and marketing strategy is based on an active local Real Estate market and a long period slow increases in values. There is currently a shortage of available active properties. The local Real Estate market appears to be stable. There are new housing developments in the Inland Empire region yet not enough to keep up with the current demand. Market and values are stable with a shortage of available property on the market. Search criteria had to be expanded due to a shortage of active properties.</p>
