Comments Regarding Pricing Strategy		
<p>The Subject property is a SFR style home with 3 bedrooms and 3.5 bathrooms. To locate comparables, it was necessary to exceed bath counts. Due to the lack of similar bed comparable in the neighborhood it was necessary to exceed bed count. The lot size tolerances for comparable had to be extended in order to locate properties that supported the subject GLA and attributes. In delivering final valuation, most weight has been placed on CS1 and CL3 as they are most similar to subject's GLA and overall structure. Subject details were taken from tax record. The subject is located in a popular residential suburb near hospital and commercial properties.</p>
