<b>Comments Regarding Pricing Strategy</b>		
<p>According to active MLS, subject is upgraded. This report is completed as good condition. The subject is located near to school, river, major road and a commercially active region, this will not have any impact on the subject's marketability as similar locations comparable were used in this report. Within 1 mile there were limited comparable available supporting subject market conditions. Hence I was forced to use comparable exceeding in the proximity up to 3 miles, closed date beyond 6 months, year built, basement and bed/bath count. Subject bed/bath is unique in its neighborhood. The comparable CS1 and CL2 were selected as the best available comparable. Subject details are taken from the tax records. "The subjects address was not clearly visible from the street however I made visual confirmation with the tax maps.</p>
