Comments Regarding Pricing Strategy		
<p>Many of the comparable listings in this area have either gone through recent updates or a complete remodel. This has created a wider than typical range in pricing. Values have been adjusted as appropriate based on differences in condition or amenities. The value conclusion is based on a careful weighting of both the sold and active listings with greatest weight placed on those listings closest in condition and square footage. The sold comparable listings moved off the market within what is typical for this area which allowed the final pricing for the subject to be set aggressively to encourage the desired marketing period for a fair market value as requested in this report.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
