<sup>3</sup> Subject \$/ft based upon as-is sale price.

**Listing Comments** Why the comparable listing is superior or inferior to the subject.

**Listing 1** This home would be inferior to the subject home. +\$8,080 for square footage difference, and -\$15,000 for condition. Adjusted price would be \$473,080

**Listing 2** This home would be superior to the subject home. -\$14,960 for square footage difference, and -\$15,000 for condition. Adjusted price would be \$484,940

**Listing 3** This home would be superior because of the square footage difference but I would use it as the most comparable as it is built by the same builder. Many people in Galt like this builder because he created semi custom homes that are east to remodel. -\$27,440 for square footage difference and -\$15,000 for condition. Adjusted price would be \$467,560

#### Reasons for Adjustments Why the comparable sale is superior or inferior to the subject.

**Sold 1** This home is superior due to the bigger square footage and condition of this home.

**Sold 2** This home would be superior because of the condition, but I would choose this as the most comparable to the subject property.

**Sold 3** This home is considered superior because of the condition.

<b>Comments Regarding Pricing Strategy</b>		
If this home is repaired and remodeled it could sell between \$470,000 to \$500,000. It is in a desirable location for families. There is a low supply of listings and an abundance of buyers. If the home is updated it would bring in multiple offers.
