Comments Regarding Pricing Strategy		
<p>I used the attached tax records for the subject's characteristics. In order to find similar comps I searched the MLS and tax records. I started with a .35 mile radius in the same zip code. I used a gla range of 669-1003 sq. ft. (20%) I used an age range of 41-77 years (30%) I looked at all one story homes that have sold in the last 6 months. The search produced 3 sales that ranged from 32,000- 74,000. I used the 2 non distressed sales on this form. I looked out .5 miles to have a 3rd sale that was similar in age an in average condition.</p> <p>**Proximity and condition were a high priority in comp selection** I used the same search to look for similar active listings. I found 1 listings in a .5 mile radius at 116,000. I used the list comp on this report and had to expand the radius to have additional list comps that were similar in age. Value is a fair market value. Value is based on the subject being in C4/ average/ non updated condition. **There is a higher tier of values for renovated homes in the area.**</p>
