Comments Regarding Pricing Strategy		
<p>Many of the comparable listings in this area have either gone through recent updates or a complete remodel. This has created a wider than typical range in pricing. Values have been adjusted as appropriate based on differences in condition or amenities. Due to the fact that the sold comparable listing's days on the market are below the typical marketing period for the area and less than 30 days on average, the final price will reflect a more aggressive value near the upper end of prices. The final valuation is for a fair market price estimated to encourage the requested marketing period for this area.</p>
