Comments Regarding Pricing Strategy		
<p>The subject property is a single family home, which is in overall average condition on the exterior. The exterior of the subject property does not appear to be in need of major repairs. Comps were searched for within a distance of 1.5 Miles and back 12 months in time. Listing comps were searched for beyond 1 Mile, but within similar and competing areas, to locate similar comps for this report. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for similar comps was +/- 20% of the subject's Sq. Ft. The subject is in average exterior condition and priority was given to locating comps which are in average condition. However, there is a shortage of similar comps, especially properties in average condition, and therefore it was necessary to use three superior condition comps within this report. Market conditions and home prices are increasing within this area due to continued strong demand and limited inventory of homes for sale. The subject's bedroom and bathroom counts have been estimated for this report as they are not available in Tax or Public Records.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
