<b>Comments Regarding Pricing Strategy</b>		
<p>The subject property is a Townhome, which is in overall average condition on the exterior. The exterior of the subject property does not appear to be in need of major repairs. Comps were searched for within a distance of 2 Miles and back 6 months in time. Listing comps were searched for beyond 1 Mile to locate properties similar in GLA and other attributes. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for similar comps was +/- 20% of the subject's Sq. Ft. The subject is in average exterior condition and priority was given to locating comps which are in average condition. However, there is a shortage of similar comps, especially properties in average condition, and therefore it was necessary to use three superior condition comps within this report. Market conditions and home prices are increasing within this area due to continued strong demand and limited inventory of homes for sale. The subject property did not appear to have any major negative site influences. The subject's parking count could not be bracketed by the sold comps, but is bracketed by the combined sold and listing comps. The subject property is located within 1 Mile of Commercial Properties, which will not negatively impact the subject's marketability.</p>		

## Clear Capital Quality Assurance Comments Addendum
