<b>Comments Regarding Pricing Strategy</b>		
<p>The subject is a SFR with 1228Sq. feet, built in 1940, contains 3beds/2 bath and the subject is in average condition. The subject is located near worship center, park, golf court, highways and retail amenities. Due to lack of comparable in the subject's same side it was necessary to exceed major boundaries such as major roads and it will not affect the market value. Within 1 mile +/-30% GLA, +/-30 year built there were limited comparable available so it was necessary to exceed proximity to 1 mile. Even the comparable belongs to the lower price range have some small updates. Therefore comparable with minimal updates used as average in condition. It was necessary to exceed bed count and condition due to limited comparable in the subject neighborhood. The sold comparable 1 and list comparable 2 were similar in overall features and given more weightage for providing final value.</p>
