<b>Comments Regarding Pricing Strategy</b>		
<p>The value as of today is \$349000, with typical marketing time at 7 days. The subject property is located in a neighborhood with easy access to the highway. Most yards and home exteriors appear to be in good order with only minor maintenance neglect. The area has above average market demand. The property is located in an area of equal value homes; it conforms to other homes in regard to Proximity, GLA, Age, Condition, View, Style, Lot, Beds, &amp; Baths. The neighborhood has a shortage of homes on the market as there are more homes which have sold than listed in the past 6 months. Naturally, this shortage has enabled prices to rise and this trend is expected to continue over the next 6 months. The subject was strategically priced mid-market because all homes were from the same/similar subdivisions, and were of similar GLA, age, style, and lot utility. No extraordinary characteristics were noted to price low or high.</p>
