Comments Regarding Pricing Strategy		
<p>The exterior inspection revealed that the subject has been adequately maintained and considered to be in average marketable condition. To maximize the accuracy of initial valuation, we have elected to increase the time span of closed sales past the favorable 6-month window to find comparables that required the fewest net adjustment. Property is located near busy roads and commercial centres, comparable shares values defining qualities with the subject in regard to age, GLA, location and condition so the subject location characteristics don't affect its marketability. The difference in bed/bath count due to the neighborhood area hard to find comparable that is similar to the subject in condition and GLA. In delivering final valuation, the most weight has been placed on CS2 and CL1 as they are most similar to subject condition and structure.</p>		

Clear Capital Quality Assurance Comments Addendum
