Listing 1 It is inferior because of having a smaller GLA and for having a smaller lot. Overall, similar in design and appeal and has comparable views.

Listing 2 Shows the best support from my value conclusion. Overall, it has the most comparable characteristics.

Listing 3 Represents an active good condition comp at the upper end of this neighborhood. The subject would compete below this.

Reasons for Adjustments Why the comparable sale is superior or inferior to the subject.

- Sold 1** It is inferior because of having a smaller GLA and for having a smaller lot. Overall, similar in design and appeal and has comparable views. Adjustments: \$2400 due to sq ft, \$1184 due to the lot, -\$600 due to age.
- Sold 2** Shows the best support from my value conclusion. Overall, it has the most comparable characteristics and most importantly the most similar location/view which is one of the biggest factors with the subject. Adjustments: -\$2475 due to sq ft, -\$1001 due to the lot, -\$400 due to age, -5,000 due to updates.
- Sold 3** It also has the same view as the subject, but its larger GLA, updates, and having a larger lot makes this superior to the subject. Therefore my value conclusion most aligns with Sale 2. Adjustments: -\$3375 due to sq ft, \$213 due to the lot, -\$600 due to age, -\$5,000 due to updates.

Comments Regarding Pricing Strategy		
<p>Note: Commercial Influences, bayou, and a school in the immediate vicinity of the subject will not negatively influence the marketability and value of the property. The comp below was considered but because it reflected a value very different than the rest of my comps, it was replaced with comps that better supported the market and my final value conclusion. Listings: MLS # 60239445/17835 Alpine Brook The lack of available comps in the immediate neighborhood of the subject made it necessary to expand the search to use comps that are newer buildings. Chronological age and site-size differences do not have a significant effect on value. The search was extended back 3 months, out in distance 1 mile, and even with relaxing 35% GLA search criteria I was unable to find many comps that fit within 20% GLA requirements and similar style and appeal. Within 1 mile and back 3 months, I found 8 comps of which I could only use 6 due to condition or site-size factors. The comps used are the best possible currently available comps within 1 mile and the adjustments are sufficient for this area to account for the differences in the subject and comps. Upon review of all the pertinent information, an opinion of the as- is the market value of \$237,000 is adequately supported with emphasis placed on List No. 2 and Sale No. 2. Based upon an exterior inspection, from the street, the subject property has no observable adverse condition noted that would cause a safety or health risk/concern at the time of inspection. Therefore no resale issues are foreseen.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
