The subject should be sold in as- is condition. The market conditions is currently Stable. There is lack of similar comps available within a mile so it was necessary to extend the search for comps. Proximity to the highway would not affect subject's marketability and both sides of the highway are similar market areas. Commercial presence for the subject would not affect the subject's condition or marketability. Due to the lack of more suitable comparables, it was necessary to exceed over 6 months from the inspection date.
