Comments Regarding Pricing Strategy		
Subject property should be priced at mid high range of competing listings due to shortage of listings and very low days on market. It is most like Sale #1, which sold for adjusted sales price of \$469,400. It was under contract in 4 days on market and sale is somewhat aged (120 days). Subject property would be expected to sell near high range of adjusted comps with 90 days on market.
