Comments Regarding Pricing Strategy		
Due to slow sales and the lack of similar comparable properties, some comps used may exceed typical allowed variances in distance, lot size, age and/or square footage. Comparable properties used were closest in style and location to subject with most consideration given to GLA, age/condition, and setting. Subject's final value represents a value with normal marketing times and based on the most similar and proximate comps in this report. Most weight given to adjusted value of sale 3 due to most similarity to subject.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
