Comments Regarding Pricing Strategy		
<p>Sale period, room count, age and location were also considered while choosing comps for the report. All the comps chosen are within 12 months sales period. Due to a lack of comparable's with similar attributes in closer proximity search for comps had to expanded in distance and sold date. The comps are still valued correctly and is an accurate reflection of the local market value. Search criteria had to be expanded to accommodate comps which matches the subjects GLA and other attributes and which points towards a best value estimate. Please note : There were an insufficient number of comparables in the subjects market that bracket it's GLA. For this reason search parameters for GLA had to be expanded There were a lack of comparables available that bracketed the subject, that was within the required distance from the subject. For this reason, search radius was extended to bracket subject attributes and market. There were not enough comparable's with similar lot sizes as the subject in it's market area. Had to include comps with slightly different lot sizes. There were an insufficient number of comparable in the subjects market that bracked it's age. For this reason search parameters for age had to be expanded</p>		

Clear Capital Quality Assurance Comments Addendum
