Comments Regarding Pricing Strategy		
<p>While market values have increased in the past 12 months, the current market is stable with supply decreasing and demand increasing. Values are impacted by the presence of investor flip properties in updated condition. Typical seller concessions include seller contribution of approximately 3 percent of sale price toward buyer's closing costs. REO and short sale transactions are nominal. The sold/list comp search provided an insufficient number of comps within the required search parameters. Therefore, the search was expanded as follows: Proximity to 5 miles; Year Built to 20 years; Sq Ft to 20 percent; Lot Size; Days on Market; Sale Date to past 24 months; Pending Listings; Flip Properties in updated condition. The distance to comparable sales and listings was necessary due to the limited number of similar comps within the immediate area. Comparables were selected not necessarily for proximity but for the overall comparability to the subject.</p>		

Clear Capital Quality Assurance Comments Addendum
