<b>Comments Regarding Pricing Strategy</b>		
<p>I used the attached tax records for the subject's characteristics. In order to find similar comps I searched the MLS and tax records. I started with a .35 mile radius in the same zip code. I used a gla range of 672-1008 sq. ft. (20%) I used an age range of 48-88 years (30%) I looked at all one story homes that have sold in the last 6 months. The search produced 5 sales that ranged from 39,900-114,000. I used 3 homes that were in average condition in the same neighborhood. **Proximity and condition were a high priority in comp selection** I used the same search to look for similar active listings. I found 6 listings in a .5 mile radius that ranged from 39,900-135,000. I used 2 non updated list comps and had to expand the radius to have a 3rd comp in C4 condition. Value is a fair market value. Value is based on the subject being in C4/ average/ non updated condition. **There is a higher tier of values for renovated homes in the area.**</p>
