| <p>Limited suitable comps in 1 mile search past 12 months to bracket gla/age/lot/ values and meet client criteria. Wide lot/age/value range. Extended mileage to 1 miles market search to obtain suitable comps to bracket age/lot and gla when possible. All comps in similar market areas. Unable to bracket lot/gla/age/condition/ value in 1 mile market area past 12 months on all comps with in 20 % and remain in same subdivision when possible, and obtain comps in similar condition when possible. Due to limited suitable comps in 1 mile market area. Mileage/ gla/age/style/ location/value range/room count/ DOM/value/condition were extended in considering comps includes bracketing lot/gla/condition and age when possible. Extending these variances was necessary to provide a fair market value with adjustments and bracket values. Utilized comps similar in gross living area and amenities. Appropriate adjustments were made accordingly. These comps are considered to be the most accurate indicators of value available. All comps received consideration in the final estimation of value in comps available having WIDE value/lot ranges. NOTE: Due to low interest rates and demand ,some sold comp values are higher then some sold and list comp listing prices. Utilized comps similar in gross living area and amenities when possible. Appropriate adjustments were made accordingly. These sales are considered to be the most accurate indicators of value available.
