Comments Regarding Pricing Strategy		
While market values have increased in the past 12 months, the current market is stable with supply decreasing and demand increasing. Values are impacted by the presence of investor flip properties in updated condition. Typical seller concessions include seller contribution of approximately 3 percent of sale price toward buyer's closing costs. REO and short sale transactions are nominal. In order to deliver the most accurate report possible, the search was expanded as follows: Proximity to 5 miles; Year Built to 20 years; Sq Ft to 20 percent; Lot Size; Days on Market; Sale Date to past 24 months; Pending Listings; Flip Properties in updated condition.
