<b>Comments Regarding Pricing Strategy</b>		
<p>The subject is a one-story brick home with a two-car garage. The subject's room count is based on the tax records. An attempt to find all sales and listings in similar condition to the subject was made. However due to lack of comps this was not possible. Please note due to lack of comps some lot size tolerances were exceeded as well as some distance parameters were expanded. The subject is on city sewer. The search criteria was set to a one mile radius search (preferably using comps in the same subdivision when available) for comps within 5 years of age +/- and 20% sqft +/- . When this was not available the search radius was expanded. Please note no comps support the last list price.</p>		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
