Comments Regarding Pricing Strategy		
<p>The subject property is an SFR home which is located in Collin. The subject was built in 1980 and is 1368 Sq.Ft. Inspection of the property revealed the exterior to be in average condition. To stay in closer proximity need to exceed GLA, age, and lot size. To maximize the accuracy of initial valuation, we have elected to increase the time span of closed sales past the favorable 6-month window to find comparables that required the fewest net adjustment. Comparable have a variance in bed/bath and lot size. (Adjustments were made). In order to bracket the subject's GLA and proximity, a search for comps was broadened to include a wider price range and exceeded proximity up to 1.08 miles. The subject is located near busy roads, parks, worship places, school, and Commercial. All comparables have similar location factors and support subject value and marketability. In delivering final valuation, the most weight has been placed on CS2 and LC2, as they are most similar to subject condition and overall structure. Subject attributes are from Tax record.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
