<b>Comments Regarding Pricing Strategy</b>		
The values were determined by weighting the sold comparables using the following weights: S1: 30%, S2: 10% & S3: 60%. The active listings were not weighted in the determination of the subject's fair market value. There is an under-supply of comparables listings in the local market. As a result, the broker had to expand on some guidelines to find sufficient comps for this report.		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
