Comments Regarding Pricing Strategy		
Most weight given to sold comp 3 because it is most similar to the subject in sqft, location and age. Homes are priced in line with the projected market price of the subject property and are selling in a shorter than normal market time. The subject property and homes in the area have peaked and appear to be declining now. The inventory of the homes in the area remains at a 3 month supply. The comps that are being used are the best available for determining the value.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
