<b>Comments Regarding Pricing Strategy</b>		
The values were determined by weighting the sold comparables using the following weights: S1: 30%, S2: 60% & S3: 10%. The active listings were not weighted in the determination of the subject's fair market value. There is an under-supply of comparables listings in the local market. As a result, the broker had to expand on some guidelines to find sufficient comps for this report.
