<b>Comments Regarding Pricing Strategy</b>		
<p>The subject property is located in a real estate market that is seeing a rapid decline in property values. Comparables were pulled from the subject's immediate subdivision and sales pulled are the most recent available. These most recent comparables are most indicative of the subjects current market value since prices are declining. Inventory is high and demand is very low. Homes are sitting on the market for longer and prices are dropping drastically.</p>
