Comments Regarding Pricing Strategy		
<p>Subject is Colonial style home built in 2014 with 4bed 2.5bath (2208square feet). To locate comparables in close proximity of subject, it was necessary to exceed style and lot size. To use similar condition comparables need to use comparables varying in bed bath count. Necessary adjustments were made for the variance. Subject is located near to park, fire station, commercial and major road. However, it will not affect the subject's market value. In delivering final valuation, most weight has been placed on C2 and LC3 as they are most similar to subject condition and overall structure. Subject details are taken from tax record.</p>
